ANNUAL REPORTS

DUBLIN, NEW HAMPSHIRE

1974

ON THE COVER

Sawing wood by horsepower in 1890 at George A. Gowing's house, where the residence of Paul and Nancy Lehman now stands.

Photograph by Henry D. Allison

While it may appear to be strenuous effort for the horse, the exercise actually is less harmful than idle barn duty. He looks proud to be the chosen operator of such an elaborate machine devised to cut the family supply of firewood for the coming winter.

The glowing owner in the center of the picture is George Gowing, with his two sons, Clifford to the left and Clesson almost hidden behind him, on the right.

The bystander is unknown, but is obviously a curious and fascinated person who may buy one of those machines next year.

It is hard to believe that 85 years later the small chain saw has come to replace this one-time marvelous invention of man.

REPORT OF DIRECTOR OF CIVIL DEFENSE

There has been no change in the Basic Emergency Operation Plan for Dublin.

The air horn alarm was removed from the service station on Route 101 and installed on the town equipment barn on the E. Harrisville Road.

The Director completed a State Seminar on Emergency Preparedness at the University of New Hampshire on 20 April 1974. These conferences are of value because they require the participants to provide solutions to many different simulated disaster situations. State and Federal Officers participated. Expenses for this seminar were provided by the State agency.

Maurice W. Hale
Director Civil Defense

REPORT OF POLICE DEPARTMENT

Chief: Robert McLean	Tel. 563-8411
Officer: Herbert Chamberlain	563-8009
Officer: John Morse	876-4016
Officer: John Mitchell	827-3773
Officer: Elliott Allison	School Crossing Guard

Emergency Telephone: Keene 352-1100

During the past 12 months the Police Department has prosecuted 195 cases in the Courts. These are broken down as follows:

1. Motor Vehicle Violation 151
2. Offenses Against Persons and Property 44

We have been fortunate in not having a fatal accident considering the amount of traffic traveling through and about our community. The energy crisis, reduced speed limits, and our radar unit have been the biggest factors, along with the presence of uniformed Officers in the public eye at hours through the day and night.

All in all, the Police Department has answered over 2,000 calls in the past year, ranging from responding to alarms, issuing permits, checking suspicious persons & vehicles, providing policing at Town functions as well as assisting motorists in the 53 traffic accidents exceeding \$300.00 damage that occured in Dublin; 9 involving serious personal injury.

I would like to express my appreciation to the Town & State Agencies, the numerous individuals, and Mr. & Mrs. Allison who have assisted the Department over the past 12 months.

Respectfully submitted,

Robert N. McLean, Chief

HIGHWAY DEPARTMENT

I wish to extend my sincere appreciation for the support and cooperation provided me by the people of Dublin throughout the year.

As usual the department started the year with plowing, sanding and salting. We repaired and maintained the trucks, plows and other equipment, until weather permitted hauling gravel for the many washouts created by the December 1973 rains.

In the spring all dirt roads were graded and gravel placed where needed. Ditches and culverts were cleaned and rubbish and fallen branches removed. All tar roads were patched, which took many days and many tons of cold patch.

On the Dooe Rd. trees were cut and stumps removed, the road widened and culvert pipes added. Dooe Rd. extension was graveled. Parsons Rd. was also graveled and tarred.

TRA was used on the Upper Jaffrey Rd. Under drains were placed cross pipes added. The road bed was cut, graveled and tarred. Slopes were groomed and seeded.

Brush was cut on most roads with tractor mower. Some culvert pipes were replaced or relaid, others were flushed out with fire truck.

A daily routine from spring to fall was pulling out beaver dams, which sometimes required the use of a backhoe.

Dump

The dump was pushed back and burned most every day except when the fire ban was on. There were several fires and the Fire Chief called. For rat control, poison was put out once a month.

Clarence Babneau
Highway Agent

DUMP COMMITTEE REPORT

The committee has recommended to the Selectmen that Dublin's rubbish be trucked to the Keene landfill at an estimated cost of \$11,000 to \$13,000 per annum. This seems to be the simplest interim solution to our problem and does not require the town to make substantial capital investments in disposal systems which have not been adequately tested.

Respectively submitted,
William Link

REPORT OF THE DUBLIN FIRE DEPARTMENT

1974 was an extremely busy year for the fire department. We were called upon 67 times this year for many types of emergency. These ranged from Monadnock Mtn. rescues to building fires. The amount of damage in building fires was small compared to the number of calls. I am convinced that good equipment (such as our hose reel pumper), prompt response of men and equipment (due to the central dispatch center in Keene), and frequent drills have reduced the seriousness of these emergencies.

We have done as much fire prevention work as time permits, but this still hasn't reduced the number of calls. This fire prevention work has ranged from visits to the public schools with equipment to familiarize the younger people with the department and its functions, to the loan of chimney cleaning brushes to reduce the number of chimney fires which are now common again due to the recent energy crisis.

The pre-school also made its visits to the fire station this year so that the youngest of our citizens might learn what the fire department actually is and what it does. The fifth grade fire marshalls raised \$20.00 this year and turned it over to the Fire Company for the purchase of equipment. This shows a real interest at an early age.

The older citizens were just as aware of our service as our annual appeal received excellent response. This money is used by the firemen to support several local causes, but mostly for the purchase of equipment. This year the company purchased a Military Dodge power wagon to replace the 1932 Ford fire truck as a brush and forest fire unit. An additional \$850 was used to purchase additional 4" hose on the hose reel pumper thru a donation from a family after having a serious fire early last summer.

The fire hydrant work was completed this past spring. Due to the rise in costs of labor and materials, plus the difficulty in installing several of these units, we were forced to dip into the regular fire budget to finish the project this year. This completes the major part of our water supply system. However, several other hydrants will be needed in the years to come as new homes are popping up all over town.

This coming year will bring its share of problems for the department. Although we have five new firemen who are devoted to their jobs, the number of calls will undoubtedly increase as well as the cost of equipment and operating expenses.

There are several priority jobs waiting now for which we need additional funds. We need five additional radio monitors, money for renovation materials on power wagon, installation of air bottles on the International truck, replacement of alarm control box in the station, and funds to start a physical checkup of each fireman every 2 years as required by the town's insurance carrier. If this eliminates one man with a potential heart or other undetected

physical ailment from becoming stricken during a time of extreme physical challenge, it is worth any price.

I would like to thank the firemen for their continued interest and Concern. I would also like the people to know that their support is appreciated that their interest is our concern. Please make a visit to the station — it is yours!

Respectfully submitted,

Michael M. Worcester, Chief
Dublin Fire Department
Dublin, N.H.

REPORT OF THE SUPERINTENDENT OF CEMETERY

1974 brought us to our knees. We handled eleven interments, and sold 4 lots, providing us with a ratio that only the most thoughtful should dwell on.

Your Cemetery Committee takes this opportunity to tender their thanks to three individuals who purchased Perpetual Care. Rarely does any investment return such direct results, as this Fund provides for nearly 50% of the cost of your cemetery maintenance.

Last Town Meeting the voters provided us with \$3000.00 to complete the first phase of our expansion. The cutting, clearing, grubbing, and initial fill went as planned, plus a bonus. We found \$1500.00 from our general funds to add to the project, buying more fill. This leaves us in the awkward position of having to ask the voters for that much less money in 1975, a concept almost un-american but something I think we tax-payers can live with. By this time next year, your enlarged cemetery should be completed, with some landscaping, and lots ready for sale.

Our equipment is in fair shape, with the exception of the riding lawnmower. If it fails completely, it will be replaced out of our general funds. While on the subject of equipment, your superintendent has decided to haul the old funeral sleigh up to his barn and refinish it. If strength holds out, he will tackle the coach. They are museum pieces, as you know, and must eventually be displayed somewhere in Dublin. Let's have your ideas!

As in the past, the sixth grade took care of the fall clean-up. At least, some of them did. For this we again offer our thanks, as that chore is too much for us!

Damages were light last year. No vehicle landed on the pump shed. Someone, however, desperately needed a Xmas tree and cut one of the furs at the west end. We have to believe that the culprit was not one of us!

Again, your Cemetery Committee and I thank the Town of Dublin for its support in 1974, and trust we will have, not only its support but its advice in 1975.

Richard B. Schaal
Supt. of Cemetery

AUDITOR'S REPORT

To the Board of Selectmen of the
Town of Dublin

We have examined the balance sheets of the General Fund and Trust Funds of the Town of Dublin as of December 31, 1974, and the related statements of changes in fund balances, revenues, and appropriations and expenditures of the General Fund and changes in fund balance of the Trust Funds for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We have previously examined and reported on the financial statements for the preceding year.

In our opinion, the accompanying financial statements present fairly the financial position of the General Fund and Trust Funds of the Town of Dublin as of December 31, 1974, and the results of the financial transactions for the year then ended, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

DUBLIN PUBLIC LIBRARY LIBRARIAN'S REPORT

Activities and events, as well as statistics on books and circulation are equally important in telling the library story.

In reviewing the year by seasons, last winter our up and downstairs rooms were vibrant with color by a collection of quilts loaned by Andrew Elder. The extension devoted three of its meetings to studying the history of quilts and the skills required in making one.

The children who had won recognition in 1973 in a summer reading program, were interviewed by Kate Phillips for radio. Their unrehearsed answers to questions asked about books and reading were a credit to the children and their parents. Did you happen to hear them on radio?

Early in the spring Elizabeth Robinson, art teacher in the elementary school system, brought in art work in various media by the children, for exhibit.

Ms. Kathrynne Bedell, librarian for the public schools in West Islip, L.I., wrote and asked if she might contribute some new books for the children's collection. During the year we received over a hundred paperback and hard cover books, as well as record book sets, from this concerned and generous person.

Mrs. Judy LaFortune volunteered to teach classes in crocheting, both spring and fall, as a result of an exhibit of hers in high fashion clothes she has made.

The children started their summer reading program, using a selected book list compiled by the librarian on gardening and nature study. Participants were given pumpkin seeds to grow as part of the project.

Mrs. Anni McKeen shared with us a large wall hanging with an applized clown, as well as choice glass clowns in our exhibit case.

In late October the children who signed up for the reading program were given a party, and exhibited their largest pumpkins. Mary Elder compiled pumpkin recipes from library cookbooks, and illustrated her own book.

All the Christmas and handicraft books were on display early in November so that new ideas for sharing and gift making, would be available to patrons.

It has become necessary to issue new rules and regulations and to reregister all patrons. Copies are available at the library. Emphasis is placed on one's responsibility for borrowing library materials and their return in good condition and on time. Fines for overdue books and payment for their loss or damage will be enforced.

Our library qualifies in meeting the minimum standards for membership in the Statewide Library Development Program. We have achieved these objectives by our book budget, the hours we are open according to population, including one evening. Your librarian has taken all the necessary courses in

public library techniques, attends workshops, attends district meetings. This program enables us to issue to qualified patrons a Statewide Library card which they may use in over a hundred libraries in the State. We received a hundred dollars to supplement our book budget through this program this year.

Statistics for the year show our circulation figures:

Fiction — 2887

Non-fiction — 3001

Juvenile — 2757

Total — 8645

Books borrowed from other libraries, including bookmobile: 340.

Films shown: 26.

Books by purchase and gift, 338 — Magazines, 25.

Registration (begun in July), 226.

We thank the many friends of the library for donations of books and magazines, exhibits, and volunteerism: Andrew Elder, Mrs. Norman Ballou, Mrs. Judy LaFortune, Holly Moore, Mrs. Anni McKeen, Mrs. Jeanne Worcester, John Summers, Mr. and Mrs. Oscar Sewall, Mrs. Beekman Pool, Mrs. Shawn Kelly, Mrs. George Austin, Mr. and Mrs. Platt, Gen. I.D. White, Hildreth Allison, Mrs. McKee, Ms. Bedell, Mrs. Sagendorph and Yankee. Their contributions by these gifts enrich our library.

Our goals always include greater use of the library, and in these days of inflation and recession, your library can be a great bargain, by using its reference books, reading its magazines and fiction as well as borrowing records. The library hours are: Monday 2:30 to 9 p.m., Wednesday 10-12 and 2:30 to 5:30, Saturday 9 to 1 p.m. The telephone is 563-8137. A deposit box to the right of the entrance is open 24 hours a day. Ask about the policy for use of the Gowing room.

My deepest appreciation to my trustees, my staff (Jennie, Beth, Tim, and Glen Scribner) and to the many, many friends of the library.

Dorothy Worcester, Librarian

DUBLIN PLANNING BOARD 1974 ANNUAL REPORT

The new Planning and Zoning Ordinance was voted in on Town Meeting Day, March 5, 1974. This past year, six public hearings were held by the Planning Board on applications for subdivisions. All of these were approved.

We worked on amending the subdivision regulations and held a public hearing for this on December 10, 1974. The Board unanimously approved the new amendments after two small changes were made. The new regulations are a great improvement and offer greater protection and planning for future development of Dublin.

Also on December 10, was held the first of two public hearings for the adoption of proposed amendments to the existing zoning ordinance. The second hearing is scheduled for January 7, 1975. The Planning Board urges you to vote yes for these amendments on Town Meeting Day, March, 1975.

Once again, the service of the Southwestern Regional Planning Commission were of great benefit in the planning and drafting of the new subdivision regulations as well as for many other questions that we had. We ask your continued support of the Commission and its' work.

Robert B. Allen and Thomas P. Wright are Dublin's representatives on the board of the Southwestern New Hampshire Regional Planning Commission. Gordon R. Knight and Richard A. Hammond are the alternates.

Respectfully submitted,

DUBLIN PLANNING BOARD

CONSERVATION COMMISSION 1974 Annual Report

In February the first issue of a Conservation Newsletter was sent to all Dublin residents and landowners offering a \$10.00 prize for the best Newsletter title. Many good suggestions were received and the winning title, "Dublin Dirt" was submitted by both Moira Burnham, age 9, and Mrs. Ruth Roulx, so the prize was divided. We hope to get out a second issue soon and more regularly thereafter.

Richard B. Schaal presented an engineer's plan for cemetery expansion in the section immediately west of Old Pound Rd. After thorough study of land conditions and review of previous work done, it was determined that the selected locale was too fragile because of ledge and proximity to a stream running directly into Dublin Lake. Agreement was reached to proceed with the expansion on the westerly end of this cemetery section which is a safe distance from the stream and where land slope and soil conditions are more acceptable.

Members attended a hearing of the Water Supply and Pollution Control Commission on March 22nd in Concord and reported a standing room only attendance, predominantly engineers from throughout the State who referred to numerous complaints of sewage disposal systems installed that failed to work properly as a result of WSPCC approval based on insufficient information and investigation. Members also attended a meeting on "Guiding Growth" held at ConVal March 30th and sponsored by the Society for the Protection of New Hampshire Forests.

Ray Clark and Richard Thibideau of the Regional Planning department of the Harvard School of Design presented a Land Use Plan for Dublin, done as a degree project at no cost to the Town and consisting of a series of overlay maps on Wetlands, Slope, Permeability, Bedrock, Surface and ground water, Wilderness areas, Scenic Views and Historic sites.

At the urging of the Commission, approval of the Selectmen and under the direction of Clarence Babneau, a shed was constructed at the Town Barn site for the protective storage of salt, thus eliminating a threat to roadside trees and of pollution to a nearby stream.

Expenditure of \$60.00 was approved to send a Dublin girl to the ecology week at Spruce Pond Camp during the summer. Expenditure of \$80.00 was approved to subsidize 16 students from the Dublin 6th grade @ \$5.00 per student for a week at Camp Union.

May 11th was roadside litter clean-up day and we are grateful to Robert L. Edick, Franklin Burnham and Michael Walker for the use of their trucks and also to the handful of volunteers who showed up to help in this massive but necessary task.

During the spring and summer many complaints were received on the aqua-plane landing on Mud Pond resulting in the breaking up of wildlife

nesting places of birds and muskrats; and on Dublin Lake as a public noise nuisance and threat to safety of fishing boats, canoes, sail boats, raft and swimming activities.

In compliance with RSA 346:3, effective August 26, 1973, and requiring local notification by the Water Resources Board of all dredge and fill applications, the Commission received copies of applications submitted by The Kingdom, Stone Pond Associates, Camp Wak-lo, Samuel Spiker, Albert Coutu and Paul Miller. Investigation and appropriate comments were made in each case within the week allotted for local approval or intervention.

A donation of \$30.00 was approved to the Recycling Fair held in Keene October 19th and 20th for the benefit of the Monadnock Health and Welfare Council.

A special meeting was held with a small number of Mud Pond landowners to explore the idea of establishing a wildlife and scenic area conservation plan and program for Mud Pond with possible aid from the Department of Economic Resources and Development, N.H. Fish & Game Department and the N.H. Audubon Society. All agreed the idea has merit.

As required by the Dublin Zoning Ordinance, the Commission submitted statements to and attended the 4 meetings of the Zoning Board of Adjustments held to hear appeals for special exceptions and/or variances from Jeffrey Parsons, Albert Stone, Richard Delnero, Elsie and Bruce Burnham, John Summers, Mrs. Jane F. Hawkins and John Elder. The Commission and the Town accepted a right of first refusal from Jeffrey Parsons in the event his property known as Gilman's Garage is ever for sale.

I wish to thank Commission members Virginia Marston, Paul Miller, Marsha Niemela, Barbara Schaal and Michael Walker for their interest, ideas and attendance at meetings; also the Selectmen and the Planning Board for their cooperation on numerous occasions.

Respectfully submitted,
Nancy F. Perkins, Chairman

REPORT OF THE BOARD OF ADJUSTMENT

1974 was a busy year for the Board of Adjustment. It was the first year of the new zoning ordinance and we were petitioned 9 times for public hearings.

Five special exceptions and 5 variances were granted and three variances were denied.

It is with great regret that I have to say that Rufus Hale passed away this last year. He served the Board and the town of Dublin well for many years.

Member of the Board

Mrs. Ann Hutchinson, Secy.

Mr. John Elder

Mr. Fred Woodward

Mr. Robert Blanchette

REPORT OF THE DUBLIN RECREATION COMMITTEE

The Dublin Recreation Committee was formed by the selectmen after the March 1974 Town Meeting for the purpose of doing research into the recreational needs of the town and to make its recommendations at the March 1975 Town Meeting.

The Committee has found that the fundamental purpose of a recreation program is to enrich the lives of all people, not just to fill their leisure time with something to do. Recreation is leisure-time activity engaged in for its own sake. It may be spontaneous or planned, engaged in by a large number of people or alone, active or passive, self-directed or carried on with the guidance of trained leaders. When the recreation program is thoughtfully planned and skillfully conducted, it fills a human need by assisting participants in attaining a proper balance between work and play and by bringing new and wholesome interests into their daily lives.

The Recreation Committee set out a Family Recreation Interest Survey to 342 families and received a 25% reply. This survey indicated that outdoor and craft activities were the most popular. The general attitude was very favorable toward a recreation program being formed and many offers of volunteer help were given. It was felt that there is no immediate need for a centrally located recreation building and that existing facilities should be better utilized.

The Committee has investigated existing facilities and programs within the town and has broken them down into three categories. The first group is those which require no fee for their usage. These are the Town Hall; Dublin Public Library; town ballfield; Dublin Consolidated School gymnasium and playground; the Skating Rink located on land made available by the M.M. Worcester's with financing by Yankee, Inc. and the Dublin Community Foundation and flooding by the Dublin Fire Company; the Dublin School which has offered usage of the following facilities under certain conditions: athletic fields, alpine and cross country ski facilities, indoor meeting hall, squash courts, skating ponds, and art studio. Other non-fee facilities include the public boat landing on Dublin Lake; Dublin Day at the Friendly Farm; Jack Summers, Inc. ski touring trails with no fee for Dublin residents; Monadnock State Park touring trails.

The second group is those which require a fee for usage and include the Dublin Women's Club Beach facilities and programs; Dublin Sailing Club; Dublin Riding and Walking Club; Friendly Farm; Monadnock State Park picnic, hiking, and camping facilities.

The third group of existing dues-paying organizations include: Boy Scouts; Girl Scouts; 4-H club; Little League; Women's Extension; Dublin Trail Breakers Snowmobile Club; Dublin Youth Group.

The Recreation Committee has received offers from the following sources:

Jack Summers, Inc. has offered to build 2 tennis courts for the town at cost of materials and also to provide asphalt and a backboard for a basketball practice area at cost. The Peterborough National Guard Engineer Battalion will do construction and/or restoration of indoor or outdoor facilities at cost of materials upon approval or written requests. We have also investigated the Bureau of Outdoor Recreation matching funds for the construction of outdoor facilities and also private funds which are available for many kinds of programs under certain conditions.

Our recommendations include the establishment of a Dublin Recreation Commission. We also recommend that a part-time Recreation Coordinator be hired to organize recreational opportunities for all age groups and both sexes and coordinate existing facilities and programs, that existing recreation facilities be improved and utilized to their fullest extent and that a summer program be established.

Respectfully submitted,
Dublin Recreation Committee

REPORT OF THE MUNICIPAL BUDGET ACT STUDY COMMITTEE

This Committee was appointed by the Selectmen to investigate and determine whether or not the town of Dublin should have a Budget Committee, and if so, what type. This Committee unanimously recommends the formation of one, for the following reasons.

It will relieve the burden of budget preparation for the Selectmen. It should oversee expenditures of our various town departments. It should insure proper bookkeeping of the department heads. It should assist department heads in the preparation of individual budgets . . . including proper allowance for future capital expenditures. It should prevent future deficits as well curb unnecessary expenditures in each department.

From our study of other town managements we found two systems:

1. The Budget Committee under the Municipal Budget Law of the State of New Hampshire we feel provides authority to that committee to guarantee that it can and will perform the functions that are needed to oversee town expenditures, as we have set forth above. This Law requires the Budget Committee itself to prepare the annual budget. It provides for a public hearing on the budget before Town Meeting. It does contain the stipulation that the total budget finally submitted at the Town Meeting, and as approved by the Budget Committee, cannot be increased at the Town Meeting by more than 10%. Total budget is defined as that money other than expenditures required for fixed charges such as bonds, interest payments, notes, and such mandatory assessments imposed by the County, State or Federal governments.

2. We found that The Advisory Committee used by some towns worked well, but their authority was limited. We are skeptical that a Budget Committee simply advisory to the Selectmen would do the job as we have outlined previously, nor would it, in reality, remove from the Selectmen the responsibility of preparing the annual budget. This point could be debatable and the minority of this Study Committee feels this system is less imposing and would suit Dublin's needs, depending upon the strength and quality of the individual members.

The majority of this Committee does recommend that the town of Dublin create a Budget Committee under the Municipal Budget Law of the State of New Hampshire, composed of six (6) members. That these six members should serve three (3) year terms and that they be elected to insure true representation.

LISTING OF RESIDENT TAX PAYERS of the TOWN OF DUBLIN NEW HAMPSHIRE

Taxes Taken April 1, 1974

In 1971 the Legislature passed a "Resident" tax bill under which a \$10.00 "Resident Tax" replaced the former Poll Tax and Special Head Tax totaling \$7.00.

Under the new law (RSA 72 and 76 as amended by Chapter 476, laws of 1971), as amended a tax of ten dollars (\$10.00), known as the "Resident Tax", shall be assessed on every inhabitant who was at least eighteen years of age but not yet sixty-five years old as of April 1, 1974. Widows of veterans are exempt from this tax, regardless of age. Veterans are not exempt.

Payment of this tax is due before registering a car or getting a fishing, hunting, or driver's license, unless the tax is legally abated.
